

Gas Division Profile:

“Pioneer in Gas Distribution delivering guaranteed quality product”

Lahej & Sultan Gas Distributor's LLC was established in 1975 and was the first company in Dubai to be issued the Gas distribution license. For the last 40 years, the company has been delivering civil defence approved Gas cylinders to thousands of households all over Dubai. We also supply Gas Cylinders and bulk Gas to Restaurants, Hotels, Labour Accommodations & Residential Towers.

Our state-of-the-art technology enables us to track all customers orders up to the time it is delivered and the vehicle returns back to the Store.

All our services are raised electronically same time of the delivery, ensuring the customer has the receipt of the delivery note and invoice. We also give customers the option to receive e-invoice via their registered email address.

Lahej & Sultan has its own civil defence approved store in Ghussais, ensuring sufficient stock of cylinders in always maintained for seamless and quick delivery to all its clients. All our cylinders are sourced from authorised and civil defence approved suppliers ensuring not just a quality product but also with assurance of gas filled in the cylinder as per their weights mentioned.

With a fleet of our own Vehicles fitted with GPS tracking devices and monitored through our alert and proactive Sales coordinators are ready to serve our clients. Regular supplies are pre-scheduled to avoid the waiting time while for telephonic inquiries, we ensure our customers are able to receive their order within the shortest span of time.

Our Services:

LPG (Cooking) Gas

We have well trained staff and our own fleet of vehicles to cover a wide network for door to door delivery service all over Dubai. We offer supplies on contractual basis and also on telephone inquiry. All our customers are issued instant electronically generated delivery note and invoice ensuring a seamless and efficient supply. We guarantee all our cylinders are filled as per approved civil defence regulation's and weights mentioned.

Propane (BAR-B-QUE) Gas

In addition to LPG distribution we also refill propane gas for our various customers. All the cylinders are filled strictly in compliance with civil defence regulation's and requirements.

Bulk Gas Supply to Hotels, Restaurants

Lahej & Sultan offers customers high quality Bulk LPG at very competitive pricing with prompt service through our fleet of gas bobtails and gas tankers. We supply bulk gas for Hotels & Restaurants. All our supplies are handled by experienced and well-trained staffs approved by Dubai Civil Defence and are delivered by an extended fleet of vehicles with all safety parameters in place. All our supplies are sourced through authorized government suppliers.

All our Billings are done electronically in order to maximize our clients experience quality and minimize cost and waste.

Bulk Gas Supply to Commercial, Residential Towers & Labour Accommodations

We also undertake LPG supply to Commercial & Residential building along with labour accommodation. This includes the Gas meter reading, Gas Filling and maintenance of the LPG system for residential buildings, shopping malls, commercial outlets and labour camps. Tenants will be charged at a very competitive rate as per their consumption. All our billings

are electronically generated for the ease of clients and have different options for making payments.

Telemetry Devices

All our major customers tanks are fitted with telemetry device which will ensure the clients never run out gas. Our specialized Telemetry monitoring system will allow the clients to monitor the tank level and the gas usage from anywhere in the world.

Decanting

Our tankers are also specially built to decant the tank for the maintenance or revalidation purpose. Lahej & Sultans experienced team of gas experts are fully trained to carry out decanting services.
